About us

We are pioneering high quality custom wood work.

Sieger Industries is created with a passion to bring automated manufacturing to Pakistan. Our current focus on the wood industry aims to bring customized machining of MDF to the Pakistani market. In this process we intend to create quality standards and technical expertise for the industry. Our team consists of young engineering graduates who are passionate about technology, innovation and entrepreneurship. We pride ourselves on our customer service and work with clients at each stage of their projects.

- Design Thickness : 16 mm

23 Tri-light

Specification:

- WxL : 10 ft x 24 ft
- Material : MDF
- Design Thickness : 10 mm

24 Tropical Vine

Specification:

- WxL : 1.5 ft x 8 ft
- Material : MDF
- Design Thickness : 10 mm

Partitions and Screens

Decorative partitions are an aesthetic way to segment areas and direct light. They combine functionality with aesthetics, which is an important property for interior design. We manufacture partitions in MDF board and composites with high quality finishes, fitted to custom dimensions and installation requirements.

Window Screens

Add a layer of art to your windows from Sieger Industries' collection of window screens. Our large design library covers both formal and casual interior settings, with patterns that can be scaled and fitted to custom sizes. Flexibility in thickness of the screens allows designers and customers to choose the prominence of the design and control lighting.

Doors

Artistic sliding doors are a refreshing alternative to simple glass and aluminum construction. The doors can be custom made according to the interior requirements of the client, with both transparent and opaque options. Adding single or dual glass layers provides sound and dust proofing ability.
